

COMMERCIAL REBATE PROGRAM

WHY

California is in a drought. Gov. Jerry Brown has issued an executive order calling for a statewide 25 percent mandatory reduction in urban water use. Your help is needed. Metropolitan has expanded its SoCal Water\$mart rebate and incentive programs to make saving water more affordable for commercial customers.

WHO

Commercial, industrial and institutional customers within Metropolitan's 5,200-square-mile, six-county service area are eligible for rebates on indoor and outdoor water-saving devices. Both the water service and installation address must be located within Metropolitan's service area.

Contractors who meet specific business requirements can apply to participate in Metropolitan's Contractor Direct Rebate Program. The SoCal Water\$mart Program provides screened and approved contractors with the ability to receive rebate payments directly for installations of eligible products. Contractor requirements and online enrollment information is at socialwatersmart.com under the Commercial Rebate Program option.
